

Dear Village School families,

It is this time of year that your friends show an increased interest in Village School Admissions. They will probably attend an Open House Tour, a Parent Q & A Panel, or even a Great Minds Event.

Even though the Admissions process provides a great glimpse into an applicant family, more insight is welcomed. Your insight can illuminate aspects of their family that we might not otherwise see. Please take the time to complete the form below.

If you have talked about the family to Nora, Barbara, or myself please complete the form to insure that we have it on file.

Thank you,

Alex Lee
Director of Admissions
